Our Hospitaller work...

The Order has a well-oiled machine that solicits millions of dollars of medical supplies from multiple donors and has been successfully distributing these to vulnerable communities around the world, including northern Iraq, Nigeria, the Philippines, Serbia, Armenia, and, most recently, Ukraine.

The Order has access to a 10,000 square foot warehouse in Florida and a 100,000 square foot warehouse in Atlanta that we use. The Order's Hospitaller committee, led by our Grand Hospitaller, Doc Clinchy, together with Dame Linda Heller, Dame Tammy Barreca and the rest of the team, has been soliciting donations of and shipping out medical supplies worldwide for several years.

"Our hospitaller efforts are focused on the humanitarian crisis in Ukraine caused by Putin's invasion," says Americas Grand Prior Robert Soderstrom. "Our

shipments can be very large. It is not uncommon for us to fill several shipping containers with humanitarian aid. We currently have over 100 pallets of medical supplies for shipment to Poland where the Order's contacts have warehouses, manpower and the trucks to ship into Ukraine to disperse to hospitals and clinics. We are currently setting up crowdfunding sites to help raise the necessary funds for our Ukraine work."

"Our Hospitaller work is the 'crown jewel' in the Order's humanitarian endeavours," says Magisterium Officium Stuart Notholt. "We are all

hugely impressed with the scale and dedication of what our team achieves, and extend our thanks to everyone helping in raising funds for Ukraine and other ongoing Hospitaller efforts."

Reflective gear

- We have received a request for reflective gear.
- The Russians have destroyed 80% or more of the Ukrainian power grid, so there are no night lights for pedestrians.
- Pedestrian deaths have increased by 30% in one month.
- We are starting an appeal for large reflective vests (need to fit over bulky warm clothing) and the shipping costs to transport them. **Can you help?**

The Order has given financial support to ChildAid, a British charity working with Ukrainian child refugees in Moldova.

THE DENTON PROGRAM

The Order is a member of the US govt Denton program whereby the US Air Force flies our humanitarian aid for free.

But because the US government is rightly prioritizing the shipping of military equipment to Ukraine, we are *urgently* in need of funds for shipping of humanitarian supplied for Ukraine.

The Order has been recognized in a series of Christmas concerts sung by Polish and Ukrainian children in the Holy Land. There were 3 concerts in December 2022 held in Bethlehem, Jerusalem and Nazareth to raise awareness of the plight of Ukrainian children suffering from PTSD. You can find more details at ukrrenaissancefund.org/

Coming soon...

The war has affected many families and especially young children. Over 4 million Ukrainian refugees are in Poland consisting mainly of women and children. So our next project is for children with PTSD. Using the expertise and contacts of members of the Order we will be sending a team of experts on PTSD to Poland and Ukraine to train the trainers.

Investing in the future in Tanzania

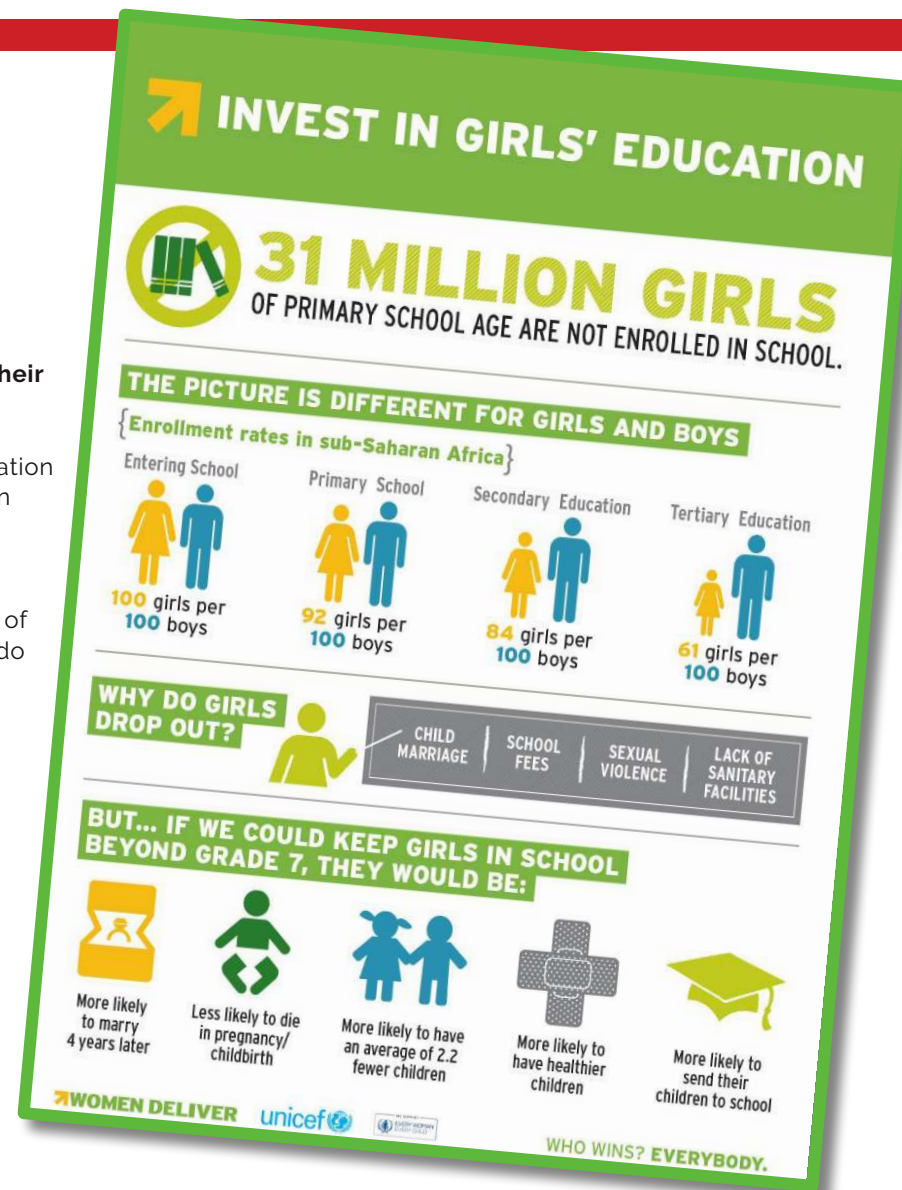

The UN infographic on the right shows us the shortfall in girls' education in sub-Saharan Africa – and the benefits to them and their communities if they are able to stay in school.

The Order's Educational Scholarship Fund at the Kilimanjaro Information Technology Centre in Moshi, Tanzania has been hugely successful in helping girls stay in school and progress to the workplace.

In addition to classroom education, the girls benefit from practical training in the catering and hotel management business, with many of the girls going straight onto employment by the hotels where they do their work experience and industrial training.

About our Order

The International Knightly Order Valiant of Saint George takes its inspiration from the ancient and honourable Christian Order of Knighthood founded in 1326 by King Károly Róbert of Hungary.

St. George is the Patron of soldiers, and also holds a special place in the affections of Christians in Africa and the Middle East. In seeking to honour this tradition we work for the welfare of armed forces personnel in the UK and the USA, and provide medical aid and educational support internationally.
